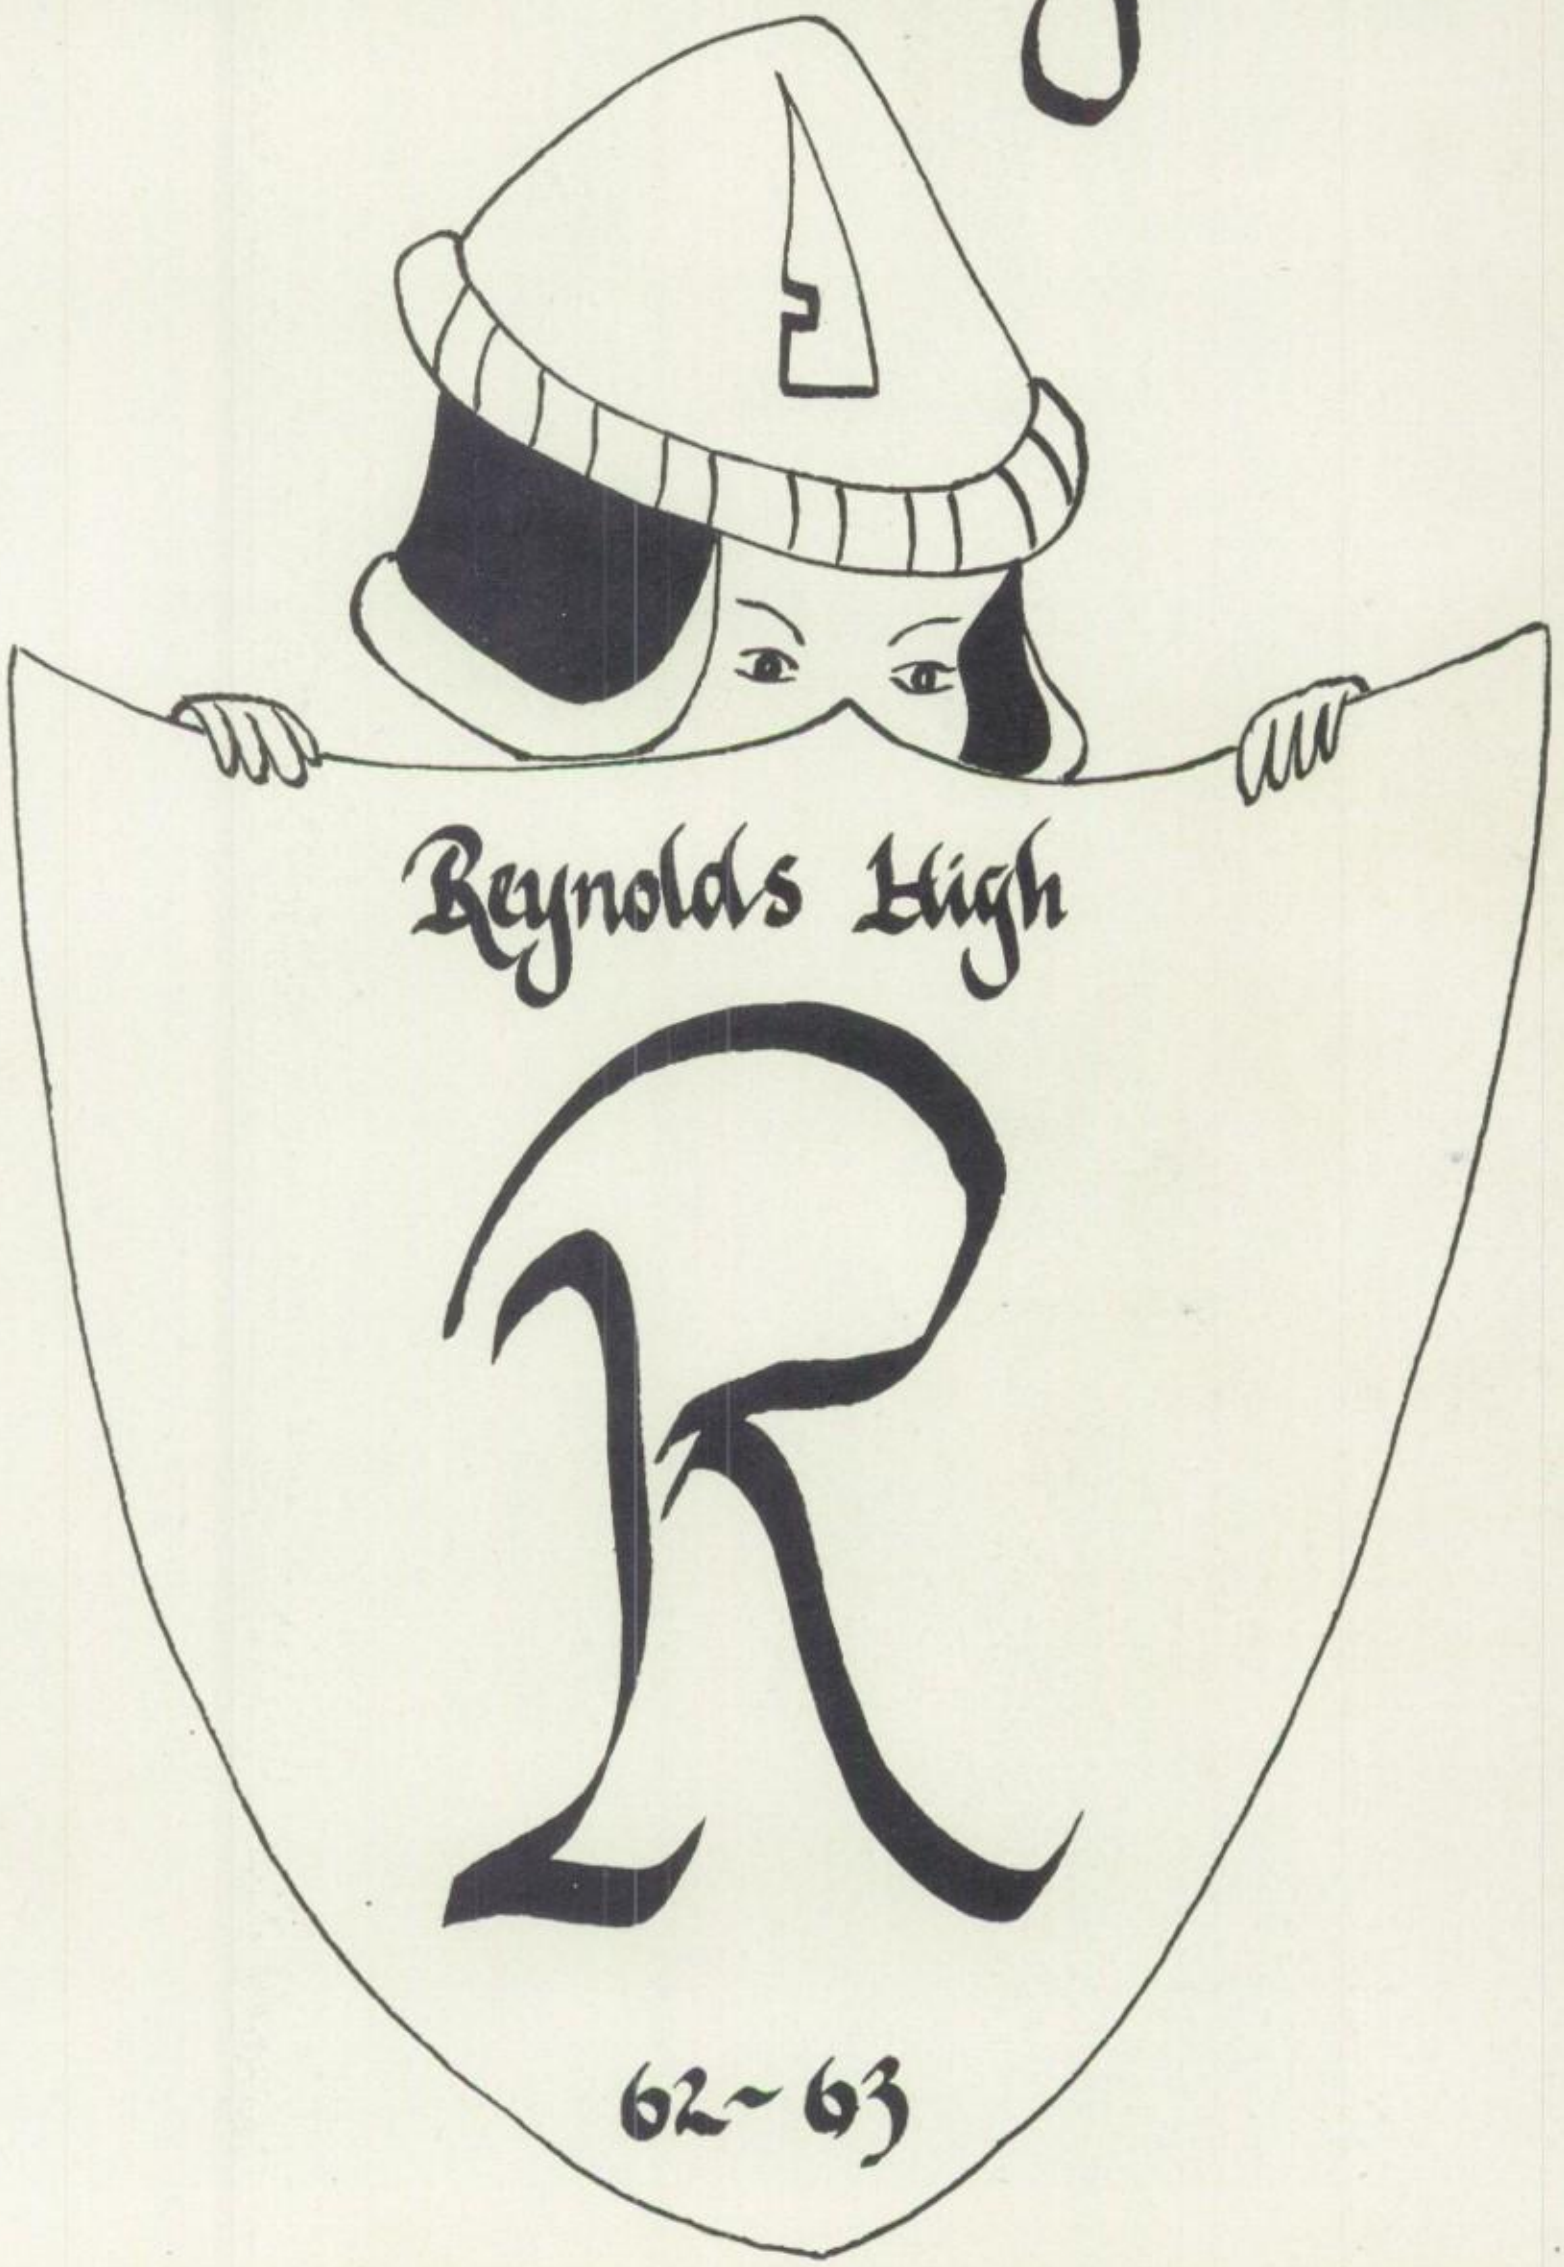
Lancers' Legend



Dedication

The class of '63 is honored to dedicate this Lancers' Legend to our teacher and friend, Leo Smothers, who is noted for his popularity among fellow teachers as well as students. Mr. Smothers has been a member of Reynolds' faculty for four years teaching Chemistry, Electronics, Mechanical Drawing, and Audio Visual along with his duties as adviser to the Radio Club.

A native of Grosse Point, Michigan, Mr. Smothers was born on September 30, 1927, and shortly thereafter moved to Kansas, then Nebraska. He joined the Navy Air Corps after graduation from high school and during his 18 months' term he attended Notre Dame University. He has also attended Reed College and graduated from Portland State College in 1958. Originally Mr. Smothers' ambition was to take up carpentry, but because of a polio attack in 1950 he changed his career to that of teaching.

The Smothers reside outside of Gresham in a modern home built by Mr. Smothers. The family, consisting of Mary, his gracious wife, and his children, Becky 13, Virginia 12, Scott 10, and Mark 7, loves swimming and engage in this sport frequently in their own pool.

So with a word of gratitude and appreciation we dedicate this annual to you, Mr. Smothers, for the school year 1962-1963.

Principal's Message

After one year at Reynolds, I want to use this medium to express my thanks to the vast majority of students who have made this a fine school year. In order to realize a maximum benefit from school, a student should give his most conscientious effort. We have a good school now. But think how much better it would be if every student met the challenge of school with a real desire to exact from Reynolds a full measure of what this institution has to offer. High school is more than teachers, classes, and books. It is the sum total of experiences you share in common with your classmates--classes, clubs, dances, athletics, etc. These experiences react to establish a pattern which stays with each student the rest of his life. Make that pattern one of willing and eager participation. Take challenging courses and point toward a challenging future.

Ha Ha Ha!

I did get to write in your annual after all. Course I had to fight for it, but it was worth it. tee hee!

What do you know, we're finally seniors. And you-wow- all pined and everything. Bet you really think you're smart. All I've got to say about the whole thing is---- Congradulations. I didn't know you had it in ya.

This should be a good year. I hope that we can spend at least a little while of it together. without fighting)

I've always heard so much about you, but I've never really gotten to know you my self. I'd like to do that very thing this year. Hope we can be the friends that I'd like.

Be good now, and take care of your nothing. - Happy senior year.

Forever,
Joey

Dear Mel Baby,

Yee its been nice these last few years knowing you. Your big blue eyes and bleached hair. This year should prove to be interesting. I didn't think the day would come when we would be seniors, but it came didn't it? Every year I give you the big bunch of baloney how beautiful you are and so this year I will say it once again. You beautiful.

You've been an okay neighbor these last few years but you never come see us anymore but I guess its okay because most of your spare time is taken up.

Someday I'll drop by and you can tell me all your problems, if you have any and I'll allay mine.

Take care and stay sweet.

Love, Lenny

I've really enjoyed knowing you more this year. You're really a lot of fun to be around. Maybe we can do more things together this year. You're a real doll, even if your clothes do make all of us poor girls sick. You can throw them my way if you want. I hope the best for you and Gene and for your future to. Stay the way you are and I hope maybe I'll see you sometime after high school, too.

Helen,

We have really had fun times together. I will never forget our 3 wonderful years (or Rally) together. We sure stuck up for each other didn't we! (At least most of the time. But naturally all good things must come to an end so consequently neither of us be on Rally this year. Oh well if I would have been It wouldn't have been nite without you on it. You are my sis still. even If I don't speak it physically. I have confided my deepest thoughts to to you and you know more about me then perhaps anyone else in this school.

You and Gene make a darling couple. I hope you stay with him.

This year should be a great year for us. I think we will make it this way if we try. you and I have a handicap you with say cause we feel so bad about Rally but I imagine things will look brighter as time goes on.

Good luck this year and all of those to come.

I love you, your great-

Love,

Sandi

Hi there, Helen Maxine,

Gosh, I'm glad to be included in your little home, as kinda another sister. If I had to have two more sisters, you can bet your life it would be you and Karl. But we're going to put Reynolds on the map, right now. Right? I don't know how, but with you and me leading the class and majorettes we'll manage. Yuk.

Actually I'm really proud to be one of the clan that admires you. You've got everything and we're all jealous of you. But maybe in a few years, when you're Miss America, you'll recognize me as a passing acquaintance. Okay? Right now, though, continue being the great kid you are and have much fun your last year. And you can see Gene the Wiz for me, I think he's pretty great. You're a great couple and in a few <u>years</u> when you're married, you'll be adorable together. At least I hope that's the

way it turns out, if thats what you want. Cause all I want is for you to be happy, okay?

Well, keep that fabulous smile and save a few words for me, every now and then.

You're the Greatest!!

Much of everything, always,
Leslie Ann

After these days with
your annual, you'd think
I'd have something to say. I
would like to mention that on
the grounds that my English composition
is insufficient to meet with the standards
by which I wish to converse,
and that my word usage would
seem inconsistent to my
actual thought patterns, and also
that I am running out
of room — I must say
so long

Hi Helen,

To start this is without a dought a problem. So much on my mind, yet so little to say. When ever I think of you, I remember last year. A truly wonderful year for me. Our best friendship was like one big carnavel. It start out slow like a merry-go-round and laughter all the time. During the summer of "61" We had some very good times, I remember fun we used to take those unnecessary trips to the Dairy Queen!!! When we entered our Soph. year, thats when we became the closest. One good time after the other. Remember the mess with John & Bob? We had ruff times sure, but we stuck it out. Friends till the end. At the end of our Soph. year, I left for California. Even thou we were meny miles apart, we kept in close contact and kept our friendship going. Thats when I took a slide downard. Once down there I felt all alone. I looked around for you and then realized you were still up there on top. I reached for you but we couldnt get together. It hurt, but I couldnt get up there again.

I still think your a wonderful person. There are not to meny around like you. You should be proud of yourself. You have kept your personality, charm + intelligence right up there. You are looked up to + respected by everyone. I hope we can get on the ball this year and do something together I still have that same longing to be like you. But that (MADE A NEO WORD) best to be a secret. Take Care Helen, and I hope things turn out better this year.

Love You Always,

"Daddy"

Dear Fat and Ugly,
Like we have had some
great times together. Stay
cool like me.
Love,
Joyce

Helen,

We've gotten to know each other pretty well over the years and I've had a lot of good times together. I hope we can have lots more, even if I will be seeing QUITE as much of you. You're a swell girl, so don't ever find cause to change.

Love ya,

Bob

Helen,
It's really too bad I never got to know you because I'm sure we could have really had a ball of it. Maybe we can make up for it this year.
I really think the world of you. Your personality is fabulous but this is just to match your looks & character.

Always the Best

Judy

Helen,
Well, we sure have done some cute things, haven't we? I sure hope we will have a lot of fun this year. Last year was a lot of fun but I'm sure this year promises even more. Be good and I hope you get every thing you deserve and those are just good things.

Be good

Love,
Marsha

Helen
How is my "ole"
tinkertoy buddy. Gosh
we're sure had some
nutty times together. As soon
as we both graduate we're
going into poetry writing. Right right.
And we don't need "A" english for that.
Some day I'll bring all my little colored
friends over to swim in your pool. You're
one of my very bestest buddies and always
will be. You're always got a happy smile on
your face for everyone, except when you're mad
at the head of our Guidance Center. You'll make
one of the best majories this school has seen,
May God grant you (and Gene of course) everything your
hearts desire. Be good and don't let the Twonkies
get you.

Love
Your nutty alcoholic (Scrivens class) Pal
Suzi

Helen, I'm not one for words so I know I'll make it short. I know you pretty well and know of nothing bad about you. You're sweet, nice, good looking, got a great personality and I'm glad I've got you for a friend. I think there is no greater pair of people than you and Gene. I want to wish you all the luck in the world. God Bless you and keep you.

Dave Feeney

Really it is your life, it's one heck of a good life. I have really enjoyed knowing you and being around you. You have added a part to my life. A good part, a part with good memories, a part with love, and honor, and respect, but ~~odds~~ also a part with hatered, and uncertinty, but most important of all you have help build the foundation to my future and I hope that I might have done a little good for you. Well I think I had better hang up for now because I am getting a little misty. Hey we still have the school record for talking on the phone. Remember that one night 4½ hours. Boy did we run everyone into the ground that night. May God be with you in everything you ever try to do - you are one of the sweetest, most fun to be with girls in the whole world

Love forever

Johnny

P.S.
Why did you have to get pinned.

Dearest Helen –

Three years have come and gone & one more is in the making. We have had endless panics in those three years and this year is going to be the same, only better. I have enjoyed and loved your company just about as much as one person possible can. And now I am sick of it. (opps thats not supposed to be there) Remember the all out blast we had in Sandy's grandstand yea! and she let your dad adopt too. It sure wiped out a good movie the party. Speaking of partys - remember my Christmas party. Thats where you made the big turn to the better. Remember all the countless rooter bus rides - we were always together living it up. and the basketball jamboree at parkrose, then McDonalds for fries and shakes and then the Cristmas Carol Tree where all we could think about is dancing in the parking lot. Thats the kind of stuff I remember and call fun. This is what we are living for. Helen Johns This Is Your Life!!! Opps
